Pools and surrounding areas

The Centre supports the WATCH AROUND WATER program and follows their guidelines:

- Children under 10 years are not allowed entry unless under active supervision of a person 16 years or older.
- Parents or guardians should actively supervise their children at all times. As such, they should be dressed ready for action, including unexpected entry to a pool.
- For 0-5 year olds a parent or guardian is in the water at all times (within arm's reach) of the child. It is best if you are engaging with your child i.e. playing with them, talking to them, touching them.
- For 6-10 year olds a parent should be close enough to make eye contact with the child and be constantly watching them.
- Lifeguards may ask the children to vacate the pool if not being supervised to their satisfaction.
